Interim Directors' Report pursuant to listing rules 5.75.2

Period Ended 30 June 2024

The Directors present their interim report together with the unaudited condensed consolidated interim financial statements of Grand Harbour Marina p.l.c. ("GHM" or "the Company") and its subsidiary, Maris Marine Limited (together referred to as "the Group"), and the Group's beneficial interest of 45% in a joint arrangement, IC Cesme Marina Yatirim, Turizm ve Islemeleri Anonim Sirketi ("IC Cesme"). The Group is itself a subsidiary of Camper & Nicholsons Marina Investments Limited ("CNMIL" or the "Parent Company").

Business Review

Grand Harbour Marina p.l.c. Consolidated

GHM reported revenue of €2.1 million, in line with last year, with an increase in pontoon annual and visitors making up for the fall in superyacht annual and visitors. EBITDA and PBT increased by €0.1 million when compared to the same period last year, with Net income maintained at last year's level.

The Group's share of EBITDA at IC Cesme increased by €0.1 million on the back of increased seaside revenues. These gains were further boosted by a significant reduction in foreign exchange losses following IC Cesme's repayment of euro-denominated shareholder loans, which resulted in the Group's share of IC Cesme's PBT increasing by €0.5 million on the comparative period of last year. Furthermore, the Group's share of Net Income increased by €3.3 million when compared to the first half of 2024 following a deferred tax gain.

Group Outlook

These results reflect the stability of our business model, despite the uncertainties caused by the Russian invasion of Ukraine, rising inflation and the increase in interest rates.

The Board of Directors monitor the direct and indirect impacts of these situations on the business model and cash flow generation, and reaffirm the Group is well-positioned to meet the challenges posed by economic uncertainties.

We thank our partners in Turkey for the continued collaboration, First Eastern for their support, our employees for their dedication, commitment and hard work, and our clients for the continued trust they place in us.

7 Operating segments

7.1 Information about reportable segments

Under the "management approach" to segment reporting, the Group has two reportable segments, namely, the "Grand Harbour Marina" located in Malta, and the "IC Cesme Marina" located in Turkey. These two geographically operating segments are managed separately as they have their own resource and capital requirements. For each of the reporting segments, the Chief Executive Officer and the Board of Directors reviews internally financial and operating reports on a regular basis. The business operation in each of these two operating segments is the ownership and operation of marina facilities providing berthing and ancillary services for yachts and superyachts. Information regarding the result of each reporting segment is included in this note.

Performance is measured based on segment revenues and segment profit or loss before tax as management believes that this information is most relevant in evaluating the result of both segments relative to other entities that operate in the same industry. The amounts reported for IC Cesme Marina reflect the full amount (100%) of its assets, liabilities, revenues and expenses prior to the application of the equity method.

14.3 Impairment assessment of investment in joint venture

The Company acquired its investment in IC Cesme Marina Yatırım Turizm ve İşletmeleri A.S. (“IC Cesme”), a joint venture, in 2011. IC Cesme operates a marina with associated landside property in the Izmir region of Turkey, held in terms of a Build-Operate-Transfer agreement expiring in 2067.

In view of the geo-political status of the investee’s jurisdiction, the directors have estimated the recoverable amount of the investment in IC Cesme and determined whether it exceeds the carrying amount. This was estimated based on its value in use, which falls within Level 3 of the fair value hierarchy. The value in use has been arrived at through the discounted cash flow valuation, by estimating the free cash flow to the firm up until 2067 and discounting them back to the present value by using the cost of capital as the discount rate.

The following were the assumptions included in the valuation:

- (a) Revenue- Year 1 revenue to be in line with budget prepared by IC Cesme’s management, Years 2 to 4 revenue growth to be in line with Turkey’s inflation rate, then converge to the risk-free rate up until Year 10, after which it will remain unchanged,
- (b) Operating margins- Year 1 operating margins to be in line with budget prepared by the IC Cesme’s management, then converge to 38% up until Year 10, and thereafter remain unchanged,
- (c) Reinvestment- this is a function of the expected growth rate and the current return on invested capital. As the joint venture does not operate in a capital-intensive industry, this function was set at 5% in Years 1 to 3, 25% in Years 4 to 7, 50% in Years 8 to 9, and 100% in perpetuity,
- (d) Tax rate- the tax rate will converge gradually from the current effective tax rate to the marginal tax rate of the country in Year 10, and remain unchanged thereafter,
- (e) Cost of capital- the discount rate used will converge gradually to the cost of capital of a mature and stable company in Year 10.

The estimated recoverable amount of the Company’s investment in IC Cesme’s net assets at Group and Company level, exceeds its’ carrying amount.

16.3 Loan notes related to cash pledges over IC Cesme's borrowing arrangements

The Company's joint venture, IC Cesme had bank facilities that were guaranteed by IC Cesme's shareholders in proportion to their interest in IC Cesme. In this respect, the Company had provided cash collateral in the form of a cash pledge and it had lodged a sum with the Parent company.

During 2022, IC Cesme repaid its bank borrowings following a release of an equivalent amount of the cash pledged by IC Cesme's shareholders, and as a result, the cash previously pledged, was refinanced as a loan receivable to the Company with the amount being due from Camper & Nicholsons Marinas Limited ("CNML"), a fellow subsidiary of CNMIL.
